# Our Story

John Gebran has turned his dream of bringing fine Lebanese cuisine and culture to Australia into a reality with his establishment, Gebran Lebanese Restaurant - now an institution amongst foodies and locals alike.

Australian raised, John visited Lebanon 20 years ago and absolutely fell in love with the culture. He hoped that it would be something he could replicate in his hometown of Sydney and in 2001, he opened a restaurant bearing his name - one he wanted to make famous for being home of the finest, homemade Lebanese cuisine.

Over 10 years later, John Gebran prides himself on being the proprietor of not only a magnificent place to sample quality and authentic Lebanese food, but somewhere to listen and dance to live music, be entertained by belly dancers and experience the traditional culture that inspired his vision all those years ago.
